**Modulbezeichnung:** Lab Course Bioorganic & Bioinorganic Chemistry (BioIOC-Lab) 5 ECTS  
 (Lab Course Bioorganic & Bioinorganic Chemistry)

Modulverantwortliche/r: Nicolai Burzlaff

Lehrende: Andriy Mokhir, Norbert Jux, Carola Kryschi, Petra Imhof, Nicolai Burzlaff

Startsemester: SS 2022

Dauer: 1 Semester

Turnus: halbjährlich (WS+SS)

Präsenzzeit: 105 Std.

Eigenstudium: 45 Std.

Sprache: Englisch

---

### Lehrveranstaltungen:

Attendance at lab course is compulsory!

Bio-Organic & Bio-Inorganic LAB (SS 2022, Praktikum, Nicolai Burzlaff et al.)

---

### Inhalt:

The students

- deepen their knowledge in special topics of bioorganic and bioinorganic chemistry and nanomedicine that are in the research focus of the involved research groups of the department depending on their own choice
- perform practical studies and small research projects regarding topics of the preparative, mechanistic or more biological bioorganic and bioinorganic chemistry and nanomedicine in an advanced level

### Lernziele und Kompetenzen:

The students

- can characterise and evaluate bioinorganic models
- manage the preparation of bioorganic compounds and bioinorganic models as well as synthesis of functionalized nanoparticles, their characterization as well as their application in mechanistic studies
- carry out bioorganic and bioinorganic research projects largely independently using a wide range of bioorganic and bioinorganic theories and are able to reflect upon the gained results

---

### Studien-/Prüfungsleistungen:

Bio-Organic and Bio-Inorganic Chemistry - Lab (Prüfungsnummer: 65141)

Prüfungsleistung, Praktikumsleistung

Anteil an der Berechnung der Modulnote: 100%

weitere Erläuterungen:

Graded Lab Protocol

Prüfungssprache: Englisch

Erstablingung: SS 2022, 1. Wdh.: keine Angabe

1. Prüfer: BioIOC-Lab (N70017)

---

### Organisatorisches:

**Please note:**

- Students have to register for the module (check registration periods)!
- Lab course **Advances in Bioorganic and Bioinorganic Chemistry Laboratory (BioIOC-Lab)** is held as an in-class-course in one of the participating research groups!
- Registration/further information via StudOn!

### Bemerkungen:

Module compacity:

- Lab module within the **Compulsory elective module "Advances in Bioorganic and Bioinorganic Chemistry"** in M.Sc. Chemistry or M. Sc. Molecular Science (20 ECTS in total)
