

UnivIS - Raumplan Zoom-Meeting

The diagram is a complex, multi-layered structure composed of numerous small, light gray rectangular blocks arranged in a grid-like pattern. These blocks are interconnected by a network of thin, dark lines, creating a dense and intricate web of connections. The overall shape of the diagram is roughly rectangular, with a slight taper towards the right side. The blocks are arranged in a way that suggests a hierarchical or sequential flow, with some blocks appearing to be more prominent or larger than others. The background is a solid, light gray color, which provides a high contrast for the dark lines and the light gray blocks. The diagram is a visual representation of a complex system or process, possibly a network graph or a hierarchical structure, and it is designed to be both informative and aesthetically pleasing.
